PERSONAL STATEMENT

Enthusiastic and dynamic with excellent organisational and interpersonal skills with the ability to build relationships across different internal and external stakeholders. I am organised and methodical with the ability to prioritise tasks without compromising quality.

Dedicated to utilising all my acquired skills to deliver training and development opportunities for students and peers. Always willing to learn new ways of working with a flexible approach to change. A great team player who can also work independently using my own initiative.

WORK EXPERIENCE

Clinical Education Tutor | London Ambulance Service 09/2019 – Present

- Responsible for delivering training to New Qualified Paramedics (NQP), International NQP's, Emergency Ambulance Crews (EAC) and statutory and mandatory Core Skills Refreshers (CSR's).
- Supporting students with marking of practice portfolios and knowledge task submissions.
- Supporting Link Tutors with marking the NQP's grading and evaluation of practice portfolios, as students move from NQP1 to NQP2, then onto band 6.
- Develop and implement training for various teaching sessions.
- As part of the clinical education and standards department I have supported the design, delivery, evaluation and analysis of our education programs for the Clinical Education and Standards Department.
- Member of the Integrated Blended Learning Working Group, responsible for researching and evaluating different methods of distance learning and options for remote tutorial and student support.
- Delivery of the learning and education strategy.
- Supporting students with tutorials, action plans and setting SMART goals
- Carrying out observational and written assessments followed by feedback sessions.
- Excellent understanding of Information Governance requirements and regulated award requirements.
- Conducting interviews for international NQP's.
- Conducting Serious Incident investigations, compiling reports details recommendations and presenting these findings to the Medical Directorate.

HCPC Council Apprentice. HCPC 01/2021- Present

- Attending Council meetings.
- Reading and reviewing council papers
- Supporting the SMT and Executive board with decisions on strategic direction.
- Liaising with internal and external stakeholders to build working relationships.
- Holding the SMT and leadership accountable for decisions and budgets, whilst recognising their hard work.

First Aid Instructor | Family First 09/2017 – Present

- Working freelance to provide FAA accredited First Aid training and bespoke courses
- Qualified to Level 3 I provide basic First Aid training for residents of Harpenden and within my church community.

EMT and Paramedic | London Ambulance Service 07/2005 – 09/2019

- I am accountable for the assessment, treatment, diagnosis, supplying and administering of medicines, managing, discharging and referring patients in a range of urgent, emergency, critical or out of hospital settings.
- Providing effective clinical leadership, development and mentorship to operational personnel, including newly qualified paramedics and students to support the delivery of a high-quality patient centred service.
- I contribute to the development of an integrated approach to the delivery of unscheduled/out of hours care involving all relevant stakeholders including health and social care organisations.
- I communicate effectively demonstrating compassion, particularly when dealing with people who may have difficulty understanding, for example, but not limited to children, people with learning difficulties and people from different ethnic groups.
- I adapt communication styles accordingly to overcome barriers.
- I undertake a full range of paramedic duties in line with the Trust's operational instructions. I assess, treat, manage or refer, and where appropriate, convey patients according to the nature and severity of their condition to alternative care pathways.
- I provide packages of care to patients at home. I carry out paramedic duties within national clinical practice guidelines and Trust specific PGD's and guidelines.
- Working on an ambulance and as an autonomous practitioner using local care pathways associated with local initiatives promoting see and treat, where clinically safe to do so, reducing inappropriate conveyance and subsequent ED admission.
- I modify and adapt my working practices to meet the clinical needs of the patient in an emergency and urgent care setting.
- I comply with medicines management by ensuring drugs are stored securely and where appropriate stocked according to both national legal frameworks and local policy.
